Costa Rica Ministry Center Progress continues!

Forward!

Every work day brings visible progress and advance to the future “Costa Rica Ministry Center”, which will serve the High School, the Pacto de Gracia congregation, and the CLIR print shop.

Thank you for the great End of the Year offerings! This has given us the push to move on!

500th Anniversary of the Reformation!

CLIR gears up for a busy year!

The **Confraternidad Latinoamericana de Iglesias Reformadas (CLIR)** - in English: the Latin American Fellowship of Reformed Churches - has a full schedule this year! As Executive Secretary, I am already scheduled for 4 conferences (or possibly more!), and CLIR is organizing and coordinating several others.

CLIR will be promoting a deeper understanding of the Gospel for Latin America by looking through the lens of the Protestant Reformation. So many themes are recurrent. **We need a Reformation in the Protestant churches themselves! And the Roman**

Catholic church drifts further and further.

CLIR has an **aggressive publishing plan** for this year. We will be focusing our Journal on the 500 yrs, and we are already receiving possible requests for **thousands** of copies. Other books treating Reformation themes are in the pipeline. We would like to ask that you consider this great opportunity to strengthen Christ's church in Latin America, and to spread the Gospel through Reformed literature. Your gifts toward this ministry will help provide the **raw materials**; we'll supply the **effort**!

Let us not grow weary in well doing!

Paper for Daniel Loría's next job: the Journal "Reformation Century 21". These Journals are the "Reformed arrows" sent out over the entire region. For the **500 yrs of the Reformation** we plan to print double our usual amount. **Your gifts will be wisely used.**
